

BlackBerry Unlocking

BlackBerry Unlocking Procedure:

1. Text On the BlackBerry Home screen, scroll to and select **Options** or **Settings**
2. In the Options Menu scroll to and select **Advanced Options** (Device's with software version 4.1 and higher only)
3. Scroll to and select **SIM Card**
4. In the SIM card screen, type **MEPD**
5. The five SIM personalisation settings will now appear on the screen
6. Enter **MEP2** (you will need to press and hold the alt key in order to enter 2)
7. You will now be prompted to enter **Network MEP Code** (10 left)
8. Now enter the unlock code provided and then press the **Return** key

Your BlackBerry MEP code is:

XXXXXXXXXX

Note:

If the Network MEP code has been entered into the device incorrectly 10 times, the BlackBerry device will cease to function permanently.
